

## ► NM Tobacco Control Health & Economic Outcomes

Since 2011, declines in youth and adult smoking rates in New Mexico have sharply reduced the harms and costs caused by smoking in the state. There are now...

<b>9,400 FEWER</b>
Youth smokers
<b>77,800 FEWER</b>
Adult smokers
<b>29,900 FEWER</b>
Kids alive today who will become smokers
<b>28,500 FEWER</b>
Premature deaths among today's NM residents
