Addressing Tobacco Use in Oral Health Settings

Dental health professionals who enroll in this course will gain the knowledge and skills to address tobacco use with patients, including:

- The specific risks, consequences, and impacts of tobacco on oral health and on the body
- How to deliver a brief tobacco intervention in less than three minutes
- Effective communication techniques for addressing tobacco with patients
- How to make referrals to the New Mexico Nicotine Addiction Treatment Services and other appropriate resources

This activity has been planned and implemented in accordance with the standards of the Academy of General Dentistry Program Approval for Continuing Education (PACE) through the joint program provider approval of New Mexico Health Resources, Inc and New Mexico Department of Health. New Mexico Health Resources, Inc. is approved for awarding FAGD/MAGD credit.

To register go to NMTUPAC.COM and click on "Health Care Professionals and Clinics" then "Online Training Modules."

* 1.0 CDE-Designated Activity - Credit Available
